Pred. No. is the number of results predicted by chance to have a
score greater than or equal to the score of the result being printed,
and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                                                                         80

E7 protein - human papillomavirus type 13
C.Species: human papillomavirus type 13
A;Note: host Homo sapiens (man)
C;Date: 30-Jun-1993 #sequence_revision 30-Jun-1993 #text_change 09-Jul-2004
C;Accession: 842955
C;Accession: 842955

S7 protein - human papillomavirus type 49
E7 protein - human papillomavirus type 49
C; Species: human papillomavirus type 49
C; Date: 20-Feb-1995 #sequence_revision 20-Feb-1995 #t.
C; Accession: $36568
R; Delius, H; Hofmann, B.
submitted to the EMBL Data Library, August 1993
A, Description: Primer-directed sequencing of human papars A; Reference number: $36469
A; Accession: $36568
A; Molecule type: DNA
